

SJ14 STRING-LIGHT DATASHEET

Features

- Energy-efficient 14W LED bulbs (100W incandescent equivalent) for bright, even lighting.
- Durable plastic guards protect bulbs from damage during active work.
- High-visibility yellow cable for improved on-site safety.
- Linkable design for extended runs across larger areas.
- Hanging points on each socket for quick, flexible installation.
- 120V input.
- Approved to UL & CSA standards.

Applications

- Residential construction and renovation lighting.
- Safe, temporary lighting for hallways, corridors, stairwells and general areas.

Metal guard options available
