

POWER CONTAINER DATASHEET

Lind Equipment's **Power Container** is the starting point for jobsite power, connecting directly to the grid. Developed specifically for construction sites, its modular design allows for faster delivery and flexible setup without sacrificing performance or functionality. The **Power Container** is available in 10ft or 20ft and can easily be set up to supply power to our **Transformer Carts** and **Power Dollies**, along with powering cranes and other heavy equipment.

Features

- Accepts parallel service feeds.
- Pre-installed main disconnect switch.
- Pre-installed lockable meter cabinet.
- Universal busbar splitter trough.
- Easy-to-swap busbar lugs.
- Multiple sizes of disconnects available.
- Optional: Transformer and low voltage panel.

Benefits

- Lockable roll-up container door.
- Forklift/telehandler pockets.
- Hoisting eyelets.
- Interior LED lighting.
- Customizable configurations.
- Awning & rubber gasket for wire feeds.
- Optional: Co-branded with company colours/ logos.

POWER CONTAINER DATASHEET
